

TRIUMPHANT Living

June & July 2013

Texas I taught two seminars in Houston, TX. at Grace Community Church. The theme was "Teach Me To Pray". The first teaching was held at the campus in The Midlands and the second at the campus in Houston. The seminars were empowered by the presence of the Holy Spirit as everyone came with hungry open hearts to learn more about prayer and fellowship with our Heavenly Father.

Here are a few of the testimonies from this Prayer Seminar.

Marilyn was our guest speaker for our quarterly event, "Teach Me To Pray". She did an excellent job presenting the scriptures and encouraging people to trust God in prayer. The People responded to her and connected to the concepts she presented. Many were touched by the Lord during a time of personal ministry and prayer.

Pastor Mike Hooper

The prayer seminar was most inspirational in the challenge of intercession. Seeing the visual demonstration of the two-edged sword (as travail & warfare) clarified the diverse focus of prayer for each situation & need. It deepened for me the power of unity in standing together! Debbie

What a blessing to attend Dr. Neubauer's seminar on prayer. Profound knowledge, coupled with the deep understanding of her personal experiences

have brought,, she is able to share truths that become your own. You leave her anointing with new revelation. Never to be the same again. My intercessory group has definitely gone to a new level. We are eternally grateful. Sandi

I had the privilege of attending a "Teach me to Pray" seminar taught by Marilyn Neubauer. She taught on prayer, but also gave us a quick testimony of the healing miracle God performed in her life. Although I had heard her tell this testimony before it spoke to my heart again about continuing to believe God for my own healing. Her teaching on prayer was very good. The section on corporate prayer I don't recall ever hearing anyone teach on. It was very informative and helpful. Her presentations are well done, full of humor, sound doctrine and life application illustrations. At the end of the session we ended with a corporate prayer session which supplied us with practical application of what she had just taught. Melinda

Tennessee I taught a three day Healing Conference in Dayton, Tennessee at Word of Truth Church with Pastor Chip and Chris Beaulieu. People came with a great expectation opening the door for the Holy Spirit to move freely.

I also had a fun lunch at a local diner with Pastor Chip, Chris and their children Paige and Jerod.

Here are a few of the testimonies from this Healing conference.

Our three day Divine Healing Conference was a great success. We had wonderful testimonies including a painful lump disappearing from one person's arm. Many visitors came who had questions about God's will to heal and had all their questions answered. Dr. Marilyn left an impartation in our ministry that we will reap benefits from for years to come. Pastor Chip Beaulieu

Thank you so much for ministering in our church. I appreciate how you taught us to take Him at His Word and challenged us to only believe. Also your session on why some don't receive their healing was not the lack of God's ability or willingness. Thank you also for praying for several of our members to be filled with the Holy Spirit and for the impartation that came during the conference. Chris

Thank you for coming to our small town. I felt like the Lord sent you here just to teach me to understand what God's word says about healing and how to receive! My faith was built so much by your amazing testimony. Melissa

When you asked those wanting prayer to come forward my arm was hurting so much and I could not even raise it higher than my shoulder. There was also a knot on my arm. After you prayed for me the next morning both the knot and pain were gone. I could move my arm normally. I give God all the glory and I'm so glad you came here to be a blessing to us. Dora

Marilyn, I so enjoyed your teaching on healing. Your simplicity of the Word in demonstration is priceless to the Body of Christ. I enjoyed your message on spirit, soul and body and the demonstrations of our body being our house. Also your healing testimony has given me a deeper understanding of how we are to operate in this life. Thank you for fulfilling the call of God on your life. Jerry

Iowa Recently I was ministry at Fellowship of Faith for Pastor Mike and Joan Kalstrup in Oakland, Iowa. It is always a delight to be with them and their church family. There was great freedom of the Spirit during the service as I taught on the Holy Spirit. I was pleased to have five of my family members from Omaha attend the service along with one of my high-school classmates.

California Last week I taught on Healing at Southport Christian Center in National City, CA. The worship was powerful, setting the mood for the Holy Spirit to flow. Pastor Carolyn Nichols is doing a tremendous work with the young people in her church.

Prayer Partners Having read these testimonies, I want to thank you for your prayers and financial support in helping to minister into the lives of so many people bringing about hope and healing and a deeper walk with the Lord. We truly share in the same rewards. I thank the Lord for you.

Up-coming Meetings
