## Fruitful Times of Ministry

Ministry began in Switzerland. The message was very well received with great testimonies following. To share just a couple.

*Your message on faith was made so clear to me and has lifted me to a higher level of using my faith. CG*

*I was so encouraged with your message and now know how to use my faith in trusting God even more. AR*

Ministry with Pastor Thomas and Monika Lohnke was also excellent; a Healing Seminar on Saturday and the Ministry of Helps on Sunday. It was good to see so many come forward making a deeper commitment to serve in the church and their pastor.

Ministry in Germany was also powerful. It was a great joy in seeing the faces of the youth in Frankfurt Oder at the presentation of the laptop computer.

**Thank you** dear ministry partners for making this possible. The joy on their faces says it all !

In January, the ministry also provided a lighting system for the youth at the church in Ulm. The

lighting system was all set up in the sanctuary when I arrived – colorful lights flashing brilliantly. They surprised me with flowers and a gift. It's great having youth excited about your arrival, especially when you're a 71 year old grandmother. I love it !

It was wonderful having my dear friend, ministry partner and board member - Joetta Beaver with me on this trip. It was an honor to have her. We enjoyed a lovely lunch in the country with Monika.
